TSSAA BYLAWS CHANGES APPROVED FOR THE 2021-22 SCHOOL YEAR

1. Article II, Section 25 (Home School Rule)

This change removed the August 1st deadline home school students wanting to participate in athletics had to notify the local Board of Education (or Head of School for private schools.). Notifying the principal of the school where they plan to try out for a team by August 15th still remains the same.

2. Article IV, Section 7 (Rules of the Game)

Religious headwear is permitted, provided it is not abrasive, hard, or dangerous to the participant and any other player, and must be attached in such a way it is highly unlikely to come off during play. Religious headwear does not need to comply with any of the color restrictions defined in applicable sport uniform codes.

Hijabs, turbans, and yarmulkes are acceptable types of religious headwear.

3. Article IV, Section 11 (TSSAA Share in Tournament Receipts)

The TSSAA Board of Control voted to add a Sectional tournament in Wrestling. Afterwards, the Legislative Council made this financial share to TSSAA consistent with all other sports which is 18% of the gross proceeds.

Athletic Record – A student has an "athletic record" if the student has played in an interscholastic contest at the varsity, junior varsity, ninth grade, or any other level, on behalf a TSSAA member school or a school that is a member of a state athletic association holding membership in the National Federation.

Bona Fide Change of Residence – A move from one community to another that justifies a change of schools. Where a family continues to maintain a previous residence for the residential purposes of that family or any of its members, the move is not one that justifies a change of schools for purposes of the TSSAA Bylaws.

Coach – Anyone who instructs or supervises student-athletes in practices or contests.

Cooperative Program – Two member schools forming a single team in a sport in which at least one of the schools does not have a team and has not had a team for the previous two (2) years.

De Novo – Heard anew. Where a decision by the Executive Director is appealed "*de novo*" to the Board of Control, the Board of Control is not in any way bound, restricted, or limited by the findings or conclusions of the Executive Director and may render whatever decision it deems appropriate based on its own review of the facts and circumstances.

Enrolled – A student is considered "enrolled" at a school, for purposes of these Bylaws, when the student has (a) completed all paperwork required for attendance at the school; (b) paid all deposits and tuition due where applicable; and (c) either (i) attended classes for three days; (ii) engaged in three or more days of football, girls volleyball, cross country, golf, or girls soccer practice during the period on or after the TSSAA first official day of practice; or (iii) participated in an athletic contest in any Fall sport. A student may not be considered to be enrolled in more than one school at any time.

Guardian – An adult with whom the student has lived for twelve (12) or more consecutive months. For purposes of TSSAA Bylaws, official appointment by a court is not required to establish guardianship; however, no person may be considered a guardian for purposes of these Bylaws unless the student has lived with that person for twelve (12) or more consecutive months, regardless of whether that person has been appointed as a guardian by a court.

Junior Varsity – Any level of play below the varsity level, whether denominated as junior varsity, b-team, or otherwise. The membership of a junior varsity team shall be composed of varsity substitutes and any other non-varsity players identified on the school's eligibility list (TSSAA Portal Roster).

Happenstance communications between coach and student-athlete(s), in circumstances where attendance by the student-athlete is neither expected nor required, are not considered to be practice. Such communications may not, however, be used to circumvent the requirement in open facilities that a coach act in a supervisory capacity only. In addition, try-outs are considered practice.

Principal – The chief on-site administrative official of the member school, whether known as "principal," "headmaster," "executive principal," or by some other title.

2021-22 TSSAA Handbook

Territory – For a public school, the “territory” of the school is the geographic boundaries and bus routes of the area served by that school as established by the local board of education. For a system-wide public school, charter school, or a home school student participating at a public school, the “territory” of the school is the geographic boundaries of the school system. For a non-public school or a home school student participating at a non-public school, the “territory” of the school is the area within a twenty (20) mile radius from the school.

Tournament Competition – The TSSAA-sponsored championship tournament series.

Transfer Student – A transfer student is any student changing schools for any reason other than having completed the highest, or terminal, grade at another school. A student who must change schools because he/she has completed the highest grade at his/her previous school is not considered a transfer student and is eligible to participate in athletics at any school he/she attends, without further approval, provided he/she satisfies the residence requirement above.

Unified Partner – A student participating in Unified Sports who has no intellectual disability or cognitive delay. Unified Partners are paired with Unified Athletes to participate on Unified Sports teams. Unified Partners are not eligible to participate on the school team for the sanctioned sport in which they are participating in the Unified competition.

BYLAWS

There are three primary objectives that the member schools of the TSSAA attempt to achieve through their Bylaws: (1) maintaining athletics in its proper perspective as subordinate to the primary academic mission of the schools; (2) preventing the exploitation of students for athletic purposes; and (3) fostering fair competition, or a "level playing field," among the TSSAA member schools. While some particular Bylaws may serve additional purposes, all of the Bylaws should be read with these three overriding objectives in mind.

Preamble

The member high schools of the Tennessee Secondary School Athletic Association have adopted, through their elected representatives, an essential inter-related group of minimum eligibility requirements which establish the threshold for participation for all students within the interscholastic program and which work together to define and preserve the fundamental nature of the program.

At the junior varsity or B-Team level, the only eligibility rules that apply are those in Sections 1 (Enrollment), 2 through 4 (Academic Rules), 5 (High School Graduate), 6 (Eight-Semester Rule), 7 (Repeating Rule), 8 (Eighth Grade Participation), 9 (Age Limit), 10 (Physical Examination and Parental Consent), 13d (Under Disciplinary Action), 13e (Coaching Link), and 25 (Home School Rule). At the varsity level, all eligibility rules apply.

Enrollment and Attendance

Section 1. To be eligible, students shall be regularly enrolled, in regular attendance, and carrying at least five full courses or the equivalent. A student is eligible to participate in football, volleyball, cross country, golf, and girls' soccer prior to the beginning of school if the student is enrolled at the school and meets all other eligibility requirements.

A student shall not participate in athletics during any semester unless he/she is duly enrolled on or before the 20th day of the semester. This rule shall not apply to transfer students who have met the attendance requirements in the school last attended.

Please see FAQ's on Page 41-59.

Academic Rules

Section 2. To be eligible to participate in athletic contests during any school year, the student must earn five credits the preceding school year if less than 24 credits are required for graduation or six credits the preceding school year if 24 or more credits are required for graduation. All credits must be earned by the first day of the beginning of the school year. Academic eligibility for a student is based on the requirements of the school the student was attending at the conclusion of the previous school year.

Students who are ineligible the first semester may gain eligibility the second semester by passing five subjects (1/2 credit) or three blocks (one credit per block) or the equivalent.

2021-22 TSSAA Handbook

Students on trimesters who are ineligible at the beginning of the school year may gain eligibility by passing five subjects (1/2 credit) or three blocks (one credit per block) or the equivalent the first trimester. Those students will be eligible to participate in athletics when school resumes on or after January 1 of that school year.

If a student is forced to withdraw from school, or is prevented from enrolling in school, due to the student's illness, his/her accident, or his/her disability, the principal may request a ruling in regard to the student's eligibility, provided the student was eligible at the time the illness or accident forced the student to withdraw or prevented the student from enrolling in school. If ruled eligible, such a student shall be charged with a semester of attendance for athletic purposes for the semester of non-attendance or withdrawal.

A student who returns to a member school after attendance at a school of correction or alternative school may be eligible for athletic participation provided the school of correction or alternative school is accredited by the Tennessee State Department of Education and provided the student returns to the school attended before entering the school of correction or alternative school.

Section 3. For athletic purposes the scholastic record filed in the office of the principal or superintendent at the end of a semester shall be final. Credits earned in a summer school accredited by the State Department of Education shall be recognized for eligibility purposes provided the student was enrolled during the spring semester immediately preceding the summer session and attended at least 40 days of that spring semester.

Section 4. A student who drops out of school before the end of the semester shall be ineligible to participate in secondary school athletics until the student has been in school a semester and has passed in at least five full unit subjects or the equivalent. (To become eligible under this regulation, a student must attend school for at least 40 days of the semester, but in no case shall the eligibility become effective until the beginning of the succeeding semester.)

Please see FAQ's on Page 41-59.

High School Graduate

Section 5. No student shall be eligible to participate in athletics after he/she has graduated from a secondary school. (A student who takes an accelerated course shall not lose his/her eligibility even though that student earns enough units to graduate provided he/she does not participate in a graduating exercise or accept a high school diploma, and provided the student has not attended a secondary school for eight semesters after enrolling in the ninth grade.)

Eight-Semester Rule

Section 6. A student, once enrolled in the 9th grade, has eight (8) semesters of athletic eligibility. Attendance of 40 school days of any semester shall be regarded as a "semester" under this rule regardless of athletic participation. If a student participates in athletics during a period of attendance of any number of days less than 40, he/she shall be charged with a semester of attendance.

A student who registers for two or more ninth grade subjects after having completed one school year in the eighth grade shall be classified as a high school student for athletic purposes.

The seventh and eighth semesters of athletic eligibility shall be consecutive.

Please see FAQ's on Page 41-59.

Repeating Rule

Section 7. A student who repeats the sixth, seventh, or eighth grade and plays in an interscholastic contest (Varsity, JV, or any other level) while repeating shall be ineligible in all sports at all levels in the ninth grade.

Please see FAQ's on Page 41-59.

2021-22 TSSAA Handbook

Eighth Grade Participation

Section 8. An eighth grade student is eligible to participate for a member school if he/she is enrolled at the school. Students below the eighth grade are not eligible to practice or participate for a member school. Any student repeating the eighth grade shall not be eligible for high school participation during the year that the student is repeating the eighth grade.

Participation as an eighth grader shall not reduce the number of semesters a student is allowed to participate after enrolling in the ninth grade.

Please see FAQ's on Page 41-59.

Age Limit

Section 9. No student shall be eligible to participate in any athletic contest during any school year if he/she becomes 19 years of age on or before August 1. The age rule may be waived for the Tennessee School for the Blind when this school is competing with other schools for the blind provided such schools are permitted by their state associations to waive the age rule in competing with other schools for the blind.

Please see FAQ's on Page 41-59.

Physical Examination and Parental Consent

Section 10. It is required that no student be permitted to participate in practice sessions or in athletic contests until there is on file with the principal a preparticipation medical evaluation form signed by a doctor of medicine, osteopathic physician, physician assistant, or certified nurse practitioner stating that the student has passed a physical examination, not prior to April 15, and that in their opinion the student is physically fit to participate in interscholastic athletics. In lieu of the form, the principal may accept a signed statement from the health care provider certifying that the student has passed a physical examination that encompasses all elements on the preparticipation medical evaluation form and attesting that in their opinion the student is physically fit to participate in interscholastic athletics.

No student shall be required to submit to a physical exam if his/her parent(s) or legal guardian shall file with the principal a signed, written statement (affirmed under the penalties of perjury) declining such physical examination on grounds of sincerely held beliefs or practices.

It is required that no student be permitted to participate in practice sessions or in athletic contests until there is on file a parental consent certificate signed by a parent or legal guardian stating that the student has the consent of his/her parent(s) or legal guardian to participate

Please see FAQ's on Page 41-59.

Students Changing Schools

Section 11. General Provisions.

Residence. A student changing schools for any reason, to be eligible, must live at home with his/her parent(s) or guardian(s), unless:

- (a) the student is moving to a boarding school and has no athletic record the previous twelve months in any sport;
- (b) the student is moving as a direct result of the dissolution of the student's home due to death;
- (c) the student is moving as a direct result of the divorce of the student's parents; or
- (d) the student is moving as a direct result of the separation of the student's parents, provided a complaint or petition for absolute divorce has been filed with a court having jurisdiction to grant the divorce.

"Transfer Student" Defined. A transfer student is any student changing schools for any reason other than having completed the highest, or terminal, grade at another school. A student who must change schools because he/she has completed the highest grade at his/her previous school is not considered a transfer student and is eligible to participate in athletics at any school he/she attends, without further approval, provided he/she satisfies the residence requirement above.

2021-22 TSSAA Handbook

Executive Director Approval Required. A school may not allow a transfer student to participate in athletics until his/her eligibility has been verified and approved by the Executive Director. The school is responsible for the accuracy and completeness of the information supplied to the Executive Director for this purpose.

Participation While Ineligible. If a student who is ineligible, under these provisions regarding students changing schools, competes in a contest while ineligible, then the student upon becoming eligible under these provisions will nonetheless be ineligible to participate in twice the number of contests in which he/she participated as an ineligible student or will be ineligible for the remainder of the season, whichever is less.

Section 12. Eligible Transfer Students.

Except as otherwise provided in Section 13 below, the following transfer students are eligible:

- a. The student has no athletic record in the previous twelve months in any sport sponsored by TSSAA;
- b. There has been a bona fide change of residence by the student's entire family unit in which (1) the old residence is outside the territory of the new school, (2) the new residence is outside the territory of the old school, *and* (3) the new residence is inside the territory of the new school. If such a change of residence occurs between school years, the student must transfer at the beginning of the school year to be eligible. If the change of residence occurs during the school year, the student may transfer without loss of eligibility (1) at the time his/her parents change residence; (2) at the end of the next report card period; (3) at the close of the semester or term; or (4) at the close of the school year;
- c. The student changes schools as a direct result of re-zoning or re-assignment of students by the local school system provided the student transfers at the time they are re-zoned or re-assigned;
- d. The student is moving from a boarding school where they are a boarder to the school serving the territory where his/her parents live, or vice versa, provided the student has attended the school he/she is leaving for a minimum of twelve months and provided the principal at the school he/she is leaving indicates in writing that the move is not for athletic or disciplinary reasons. The move must be at the beginning of the school year. (Note: The school must be outside the day school territory of the boarding school.);
- e. The student is transferring to a senior high school in the same system into the earliest grade offered at that senior high school, i.e. at the student's first opportunity to move to that school;
- f. The student who has been determined by a Court to be dependent and neglected and consequently changes residences and schools as a result of a Court order;
- g. The first time the student changes residence from one parent to the other as a result of a court ordered custody change, so long as the principal of the former school attests in writing that the move was not for athletic or disciplinary reasons; or
- h. The first time the student changes residence from a guardian to either or both parents as a result of a court ordered custody change, so long as the principal of the former school attests in writing that the move was not for athletic or disciplinary reasons;
- i. The student is attending school where the student's parent works as a full-time certified teacher, that parent takes a full-time job as a certified teacher at a different school, and the student transfers to the school where the parent takes the new job. The transfer must take place when the parent takes the job or, if the job change occurs during the school year, the transfer must take place when the parent takes the new job or must be made at the beginning of the following school year;
- j. The student who transfers from school A to school B and then returns to school A without having participated in any sanctioned sport at any level or without practicing three or more days after the first official TSSAA day of practice in any sport at any level at school B. This must be verified in writing by the administration of school B.

2021-22 TSSAA Handbook

Section 13. Ineligible Transfer Students.

The following transfer students are ineligible for a period of twelve months from the student's last participation date:

- a. A student who transfers without a bona fide change of residence;
- b. A student who transfers as a result of a change of residence is ineligible unless (1) the old residence is outside the territory of the new school, (2) the new residence is outside the territory of the old school, *and* (3) the new residence is inside the territory of the new school;
- c. If a student has been ruled eligible as a result of a change of residence, and the parents or guardian return to the former residence before the student has been enrolled in the new school for one complete school year (or twelve months if the transfer occurred during the school year), the student will be ineligible for twelve months from his/her last participation date;
- d. If a student has satisfied all other requirements for eligibility but was under discipline at his/her former school, the student shall be ineligible at the new school in all sports for twelve months or until the disciplinary charges have been removed, whichever is less. A student is considered to be "under discipline" if he or she has been suspended from school and/or placed in an alternative setting. The discipline has been removed if the school that has imposed the disciplinary action would allow the student to re-enroll.
- e. If a student with an athletic record transfers to a new school where an "athletic coaching link" existed in the past 12 months, that student is ineligible for 12 months past their first date of enrollment at the new school at all levels in the specific sports where a linkage was present. Links may include (1) attendance at an individual camp (and then transferring); (2) playing on non-school (independent) teams (and then transferring to that coach's school); (3) transferring into a school where a former coach has been hired; and (4) transferring to a school where a former or current personal trainer or strength and conditioning coach is employed.

This rule does not apply if the student moves to his/her new schools after completion of the highest ending grade at his/her previous school.

If the ineligible transfer student has an athletic record for the previous or current school year in any TSSAA sanctioned sport, the student will be ineligible to participate in the sport(s) in which an athletic record has been established.

Section 14. Practice Rules.

Only students who are enrolled and in regular attendance at a school may participate in practice.

A student who engages in three or more days of practice after the TSSAA first official date of practice with a school in which the student is enrolled shall be ineligible in that sport for that season if the student enrolls in another school without a corresponding change in the residence of the student's parents.

Section 15. Foreign-Exchange Programs.

A foreign exchange student is an international student who attends high school in the U.S. To be eligible for interscholastic athletics in the U.S., such student must be under the auspices of and be placed with a U.S. host family by an international student exchange program that has been accepted for listing by the Council on Standards for International Education Travel (CSIET) and be recognized by the U.S. Department of State. The foreign exchange program must assign students to host families by a method that ensures that no student, or his/her parents, school or other interested party may influence the assignment for athletic or other purposes. The foreign exchange student may not be selected or placed on any basis related to his/her athletic interests or abilities.

A foreign exchange student is considered to be placed with a host family when written notice of placement is provided by the exchange organization to the student and his/her parents, and to the host family.

Neither the school the student attends nor any person associated with the school shall have input into the selection of the student.

No member of the school's coaching staff, paid or voluntary, shall serve as the host family.

2021-22 TSSAA Handbook

The foreign exchange student must possess a current J-1 visa, issued by the U.S. State Department.

The foreign exchange student must comply with all eligibility requirements, with the exception of Article II, Section 11 (Residence).

The foreign exchange student may participate a maximum of one school year. If the student decides to stay beyond the year in which they participate, then Article II, Section 11 (Residence) will be applied at the beginning of the next school year.

Please see FAQ's on Page 41-59.

Tuition and Financial Aid

Section 16. If tuition is charged, it must be paid by parent, bona fide guardian or other family member. If a parent, guardian or other family member secures a loan for payment of tuition, it must remain an obligation of the parents, guardian or other family member to repay the principle and interest in full with no exceptions. Any loan program, grant program, educational foundation or similar program that is established and/or administered, in whole or in part, by a school or official of a school is considered financial aid. Financial aid will be allowed under the following conditions:

1. Children of full-time faculty members may be given financial aid, but such students, if transfers, shall be ineligible for 12 months in any sport in which they have an athletic record for the previous or current year.
2. Financial aid may be awarded on the basis of need, but proof of such need must be filed in the TSSAA office on forms approved by the Executive Director. In order to determine the basis for need, all schools awarding financial aid shall use one of the following services: FACTS Grant and Aid Assessment (FACTS), Financial Aid for School Tuition (FAST), School and Student Scholastic Service for Financial Aid (SSS), Family Financial Needs Assessment (FFNA), Private School Aid Services, Smart Tuition Aid, or Tuition Aid Data Services (TADS). Schools must choose one of the companies for all student-athletes. A committee consisting of School Heads from Division II schools and one ex-officio, non-voting member from the Board of Control and Legislative Council will meet and make recommendations to the Board of Control on each student submitted. In addition, this committee will collect information from schools regarding financial aid statistics, grant procedures, and the overall financial aid program within the school. The Board of Control will then rule on all cases at the August meeting. The Board of Control shall have authority to reject the basis of need for students when in its opinion, or in the opinion of the school committee, the amount of need stated by the financial service cannot be justified.

Schools shall remove any student from athletic eligibility whose accounts with the school are 60 days overdue.

All records pertaining to financial aid or tuition assistance shall be open to TSSAA upon its request. Each school shall be responsible for securing necessary authorization to allow TSSAA to review or audit such records.

Please see FAQ's on Page 41-59.

Recruiting Rule

Section 17. Athletic recruiting is prohibited. Athletic recruiting is the use of influence on a student or the parents or guardians of a student, by any person(s) directly or indirectly associated with the school, to secure or retain a student for athletic purposes. In the event that there is a violation of this rule, there shall be a penalty against the school, and the student(s) who was the subject of the violation shall be ineligible for a minimum of one year.

The penalty and any additional period of ineligibility beyond the one-year minimum will be determined by the Executive Director based on a consideration of the number of violations involved, the number of student-athletes involved, the nature of the violation(s), the individual(s) responsible for the violation(s), and the extent to which the violation may have been knowing, deliberate, or in reckless disregard of the provisions of this rule and the commentary that accompanies this rule.

Guidelines for Understanding the Recruiting Rule

1. Athletes or prospective athletes should be treated no differently than students who are not athletes. Students should be seen as students and not singled out based on their potential athletic ability.

2021-22 TSSAA Handbook

2. To avoid the appearance of impropriety, a coach who is contacted by any student or family or individual about attending a school where he or she is the coach should inform that person that he or she needs to contact the administrative official or officials of the school who normally deal with the admission process.
3. To avoid the appearance of impropriety, any meeting with coaches regarding athletes or prospective athletes should be a part of the admissions process at the school and should take place at the school.

Q. How is influence for athletic purposes interpreted in the recruiting rule?

A. Examples of influence for athletic purposes may include, but are not limited to:

1. Offers of or acceptance of any special privileges not afforded to other students, whether athletes or not.
2. Offers of financial aid based on need to any prospective student-athlete by any member of the coaching staff. All financial aid questions should be referred to the principal or person in charge of financial aid.
3. Inducing or attempting to induce or encourage any prospective student-athlete to attend any member school for the purpose of participating in athletics even when the special remuneration or inducement is not given.
4. Any initial contact or prearranged contact by a member of a coaching staff or representative of the school and a prospective student-athlete in the seventh grade and above.
5. Offering or acceptance of any item with school advertisement (shirt, caps, jackets, etc.) to a prospective student; provided that this example does not apply to items of only nominal value (pencils, etc.) that a school gives to all families that participate in the school's admission process.
6. Admitting students to athletic contests free of charge based on their participation in athletics with non-school teams.
7. Recognizing students at athletic contests based on their participation in athletics with non-school teams.
8. Coaches or their representatives sending questionnaires, cards or letters, contacting, or visiting prospective student-athletes and/or their families at their homes. For purposes of the example, the terms "coach" assumes that the individual initiating the contact is acting in his or her capacity as a coach. If that person serves another role at the school and is not acting in his or her capacity as coach, then there may be no violation, unless the contact is really a method for what is in face the use of influence for athletic purposes.
9. Coaches or their representatives providing refreshments, gifts, and/or asking prospective student-athletes or family members for contact information.
10. Any social media post that encourages prospective student-athletes to consider attending the school.

Q. What is allowed or permitted by member schools in contacting prospective students?

A. The Recruiting Rule is not intended to prevent a member school from marketing its total school program or conducting programs designed to attract students based on the school's overall educational and extracurricular programs. However, such programs must not be used as a method for securing students for athletic purposes. Examples of programs or things that would be permissible include, but are not limited to:

1. With the permission of the administration of both schools, a school may present programs or give information to elementary, junior high, or middle schools, which explain their total educational program. There should be a diversity of presenters, speaking on a variety of topics to students of all interests.
2. Once a student has pre-enrolled at a school in the spring or summer, taken necessary steps, been accepted or approved, paid a deposit (if required), and signed a contract indicating they will attend, the school may contact the student or family concerning summer programs, camps, physicals, etc., provided the student has:
 - a. Completed his/her classes and exams at his/her previous school;
 - b. Signed the independent school's enrollment contract; and
 - c. Paid the deposit required by the independent school.

2021-22 TSSAA Handbook

3. Mass marketing of a school directed to a general population of students.
4. Mass media advertising.
5. Responding to inquiries from parents of prospective students about various aspects of the school's program.

Q. Are there activities that might appear inconsistent with the Recruiting Rule and the Guidelines but have been historically engaged in by many member schools and are permitted under the current Recruiting Rule and Guidelines?

A. Yes. Over the course of many years, there are a number of activities that many schools have customarily engaged in and that have not been regarded as violations of the Recruiting Rule. So long as the activity does not single out particular student-athletes, and so long as the activity is not being used to circumvent the Recruiting Rule, the following such activities are permissible regardless of any apparent inconsistency with the Recruiting Rule or the Guidelines:

1. With the permission of the administration of both schools, a coach may present programs or give information to elementary, junior high, or middle schools, which explain their total program. All information concerning a particular sport program must be given out at one or both of the schools. Any program must be presented at one or both schools. Those students in attendance or who receive information must be determined by the administration of both schools.
2. Students on school teams and/or all students in a school or particular grade may be admitted to athletic contests free of charge provided it has been approved by the administration of both schools.
3. Students on school teams and/or all students in a school or particular grade may be recognized for their accomplishments at athletic contests provided it has been approved by the administration of those schools.

Amateur Rule

Section 18. A student who has never used and is not using his/her knowledge of athletics or his/her athletic skill for pay in the sports which this Association governs and who has always contested under his/her own name is an amateur. (Accepting money for officiating athletic contests or for working as an employee in a city or county recreation program is not a violation of this regulation.) A student who violates the amateur rule shall be ineligible for 12 months in the sport in which the violation occurs. Bowling, golf and tennis students will abide by USBC, USGA, and USTA regulations in accepting pay.

Such a student may be reinstated as an amateur after a period of one calendar year from the time he/she was declared ineligible has elapsed, provided he/she has not violated the amateur rule during this period.

Award Rule

Section 19. A student may accept a medal, trophy, state championship ring, high school letter, sweater, jacket, shirt, blazer or blanket but nothing else of commercial value from his/her school. (A sweater, jacket, shirt, blazer or blanket must carry the high school letter or other appropriate award emblem.) Acceptance of forbidden awards will cause a student to become ineligible for 12 months in the sport in which the violation occurs. Bowling, golf and tennis students will abide by USBC, USGA, and USTA regulations in accepting awards.

Section 20. A member school that has any connection with the presentation of a forbidden award — such as assisting in the selection of the person to receive the award, permitting the award to be given at a school function, or holding the award for a student until he/she has graduated — shall be subject to suspension from tournament play in the involved sport(s) for one season.

Please see FAQ's on Page 41-59.

2021-22 TSSAA Handbook

Independent-Game Participation

Section 21. Once a student's name is listed on the school's eligibility report, if a student participates in an independent game in that sport after the first contest date allowed and before the season has closed or his/her name has been removed from the eligibility report at the request of the school principal, the student shall be ineligible at the varsity level as explained below.

Any organized game in which players not registered with TSSAA participate – regardless of whether admission is charged - is considered as an independent game. Once a violation of this rule has been confirmed, the student will be ineligible for the remainder of the season in that sport.

A student's name may be removed from the school's eligibility list (TSSAA Portal Roster) upon written request of the principal prior to the first official contest date allowed in that sport without penalty. After the first official contest allowed, a student's name may be removed from the school's eligibility list (TSSAA Portal Roster) upon written request of the principal, and he/she may then participate as an independent without penalty. If the principal requests the state office to remove a student's name after the first official contest date allowed in that sport, such student may not again be certified during the season of that sport.

Students may practice with an independent team regardless of whether or not scrimmage situations occur at the practice for the independent team as long as the scrimmage situation only involves the independent team that is conducting the practice. A group of students who are assembled to try-out for an independent team is considered a single team regardless of the number of students involved.

This rule does not apply to bowling, golf, tennis, wrestling, cross country, and track and field.

Please see FAQ's on Page 41-59.

Specialized Camps

Section 22. All expenses of an athlete who attends any athletic camp where specialized instruction is offered in any sport sponsored by TSSAA must be paid by the athlete or his/her parents.

All-Star Games

Section 23. No student shall be permitted to participate in an all-star game during that sports season.

Please see FAQ's on Page 41-59.

Special Cases Involving Hardship

Section 24. Except for the eligibility rules in regard to age and to the number of semesters in school, TSSAA shall have the authority to set aside the effect of any eligibility rule upon an individual student when:

- (a) the circumstances causing the student to fail to satisfy the eligibility rule were unforeseen and unavoidable;
- (b) application of the rule to the student works an undue hardship in light of the unforeseen and unavoidable circumstances;
- (c) application of the rule would not accomplish the purpose for which the rule was intended; and
- (d) in the case of a change of schools, the change is for reasons unrelated to participation in athletics.

The burden of establishing each of these elements to the Executive Director's satisfaction is upon the school at which eligibility is sought.

Any decision of the Executive Director on any request for a waiver of eligibility rules under this Section may be appealed *de novo* to the Board of Control at its August, November, January or March meetings. If the appeal to the Board of Control or any materials in connection with that appeal are received by TSSAA less than one full week prior to the scheduled Board of Control meeting, the member school at which eligibility is sought shall be responsible for all additional expenses associated with providing copies of that material to the Board of Control. A school appealing a decision of the Executive Director under this Section must have an administrator (principal, assistant principal, or athletic director) present at the Board of Control meeting.

2021-22 TSSAA Handbook

Home School Rule

Section 25. This bylaw establishes the minimum eligibility requirements for a home school student desiring to practice, tryout, and participate at any level in extracurricular athletics at a member school:

A. Definitions

1. A "home school" is a school conducted by a parent(s) or legal guardian(s) for their own child. **Parents desiring to home school their own children may do so by choosing one of the following three options:**
 - a. **Independent Home School - Parents may home school their own children pursuant to Tennessee Code Annotated § 49-6-3050 by registering with their local school district. The home school must be operating in compliance with state law.**
 - b. **Church-related Umbrella School - By authority of the same statute, parents may also home school their own children by registering with a church-related "umbrella" school defined by Tennessee Code Annotated § 49-50-801. Parents who choose this option will be required to provide evidence to the local school district that their child is enrolled in a church-related school. An Intent to Home School form is not required for students who are enrolled in a church-related school. The church-related school will determine record keeping and test requirements for students enrolled in an umbrella program.**
 - c. **Accredited Online School - Parents may also enroll their child in an accredited online school. Parents choosing this educational option must be sure to determine that the school has legitimate accreditation status and will be required to provide evidence to the local school district that their child is enrolled in an accredited online school.**

Note: Online/Virtual Public Schools in the state of Tennessee are eligible for TSSAA membership. Students attending these are not eligible to participate as a home school student.

2. "Director of Schools" shall mean the chief administrative official of a public school system. In the case of a private school, the responsibilities of the Director of Schools are to be carried out by the Head of School or chief administrative official in that school.

B. Minimum Eligibility Requirements

1.
 - a. The student shall be enrolled in a home school conducted by his or her parent(s) or legal guardian(s).
 - b. The student must be taking a minimum of five (5) academic subjects or the equivalent administered by the parent(s) or guardian(s) which **would** count toward graduation **at the school where the student wishes to participate.**
2. The participating student must have a legal residence within the school district **of the school** where he/she **will be participating**, if **participating** with a public school. If **participating** with a private school, the student must have a legal residence within **a 20 mile radius** of the private school and meet all tuition and financial aid requirements.
3. By August 15 of the school year, the parent or guardian must make application for participation in athletics to the principal of the member school in which the home school athlete wishes to try out and possibly participate.
4.
 - a. The home school athlete shall meet the same academic and conduct standards required of a member school student-athlete to participate in the athletic program.

Enforcement - Sections 3, 4, 5, and 6

Unsportsmanlike Conduct - Sections 7, 8, 9, 10, and 11

Playing of Ineligible Student-Athletes – Sections 12, 13, 14, and 15

Effect of Agreeing to Join TSSAA

Section 1. Membership in the association is voluntary. By joining the association, a member school agrees to abide by all rules of the association. If a member school, or that school's governing body, files suit against the association and does not prevail on the merits, the member school shall reimburse the association for all legal fees and expenses incurred by the association in connection with said suit.

Section 2. Each member school has a responsibility to monitor its athletic program and to self-report any violations of TSSAA Bylaws to the Executive Director as soon as the school is aware of possible violations. The responsibility extends to all administrators and coaches at the school. Each member school is responsible for the conduct of its administrators and coaches and for any knowledge possessed by its administrators or coaches.

Enforcement

Section 3. The Executive Director and/or the Board of Control shall have power to suspend, to fine, or otherwise penalize any member school for the violation of any provisions of the Constitution or Bylaws of the association or for other just cause. The period of suspension or other penalty shall be left to the discretion of the Board of Control where the penalty is not fixed.

Section 4. The Executive Director shall, in his discretion, determine whether information about any possible violation of the TSSAA Constitution or Bylaws is sufficiently reliable to justify further investigation. The Executive Director shall also, in his discretion, determine whether to conduct any investigation of possible violations of the Constitution or Bylaws as well as the nature and extent of any investigation that may be conducted and the procedures to be used in any such investigation. Factors to be considered by the Executive Director in making these determinations may include, but are not limited to, the workload of the TSSAA office, the seriousness of the alleged violation, the availability of staff members to assist in any investigation, the cost of investigation, the time needed to conduct an investigation, and any other factor the Executive Director may deem relevant in making these decisions.

Section 5. (a) A violation of the TSSAA Constitution or Bylaws will not result in any investigation or penalty if it is inadvertent and the school first learns of and reports the violation after the conclusion of the following year's playoffs in the sport in which the violation occurred, (b) If it is determined that a school (or any of its administrators or coaches) had knowledge of a violation or possible violation of the TSSAA Constitution or Bylaws and failed to promptly self-report it as required in Section 2, or that a delay in self-reporting occurred as a result of a failure by the school to properly monitor its athletic program as required in Section 15, the provisions of subsection (a) shall not apply. In any such case, a violation may be investigated and penalties may be implemented regardless of when the violation occurred.

Section 6. Any school under suspension, if it has restricted its athletic program to intramural athletics for the period of suspension, may be reinstated by the Board of Control upon application made in writing, 20 days in advance of the time it desires to be reinstated, to the Executive Director by the principal of the school and by the governing board under which the school operates. The Executive Director shall present the application of the suspended school to the Board of Control for its consideration. The principal and the governing board shall agree in writing that the school will abide by all rules of the association in the future. The principal and each member of the governing board shall sign the statement.

If a school with one or more two-year contracts has its athletic program in any sport suspended for violation of TSSAA regulations -- and the first game of the two-year contract has been played at the offending school -- such school shall be required to complete the contract, or contracts, when it resumes its athletic program if the school, or schools, affected desire.

Suspension of a member school shall free all existing contracts between that school and other member schools.

2021-22 TSSAA Handbook

Unsportsmanlike Conduct

The TSSAA and its member schools believe strongly that the major purpose of athletics at the secondary level is to be a part of the total educational program. A major part of this purpose is to stress to coaches, players, officials, and fans the vital importance of sportsmanship. It is critical that all people in each of these categories understand the major role that they play and the role model that they can be for others.

Recognizing this principle, unsportsmanlike conduct on the part of any of these groups cannot be accepted. As a result, the following actions will be taken when unsportsmanlike conduct occurs:

Section 7. Student Athletes Ejected for Unsportsmanlike Conduct in Any Sport

- A. In contests in which registered TSSAA officials are involved, the officials will immediately notify the state office with a written report if players are ejected for unsportsmanlike conduct. In soccer, this does not apply if the ejection occurs as the result of a player receiving a red card for his/her second caution. In sports where registered TSSAA officials are not used, it will be the responsibility of the principal and/or coach of the player involved to report this incident to the state office.
- B. On the ejection of the student-athlete, the school will be required to submit a report on the action of the player and any disciplinary action taken by the school. The minimum penalty will be as follows:
 1. Football – 1 Game Suspension
 2. Soccer – There is no mandatory minimum penalty when a player is ejected for receiving a second yellow card followed by a red card. There is a 2 Game Suspension for serious foul play except for the following offenses which shall result in a 1 Game Suspension:
 - a. A player anywhere on the field (other than a goalkeeper within his/her own penalty area) who deliberately handles a ball to prevent it from going into the goal.
 - b. A foul by a player against an opponent who is moving toward his/her offensive goal with an obvious opportunity to score.
 3. All other sports – 2 Game Suspension

The student-athlete is also suspended from all levels of participation (varsity, junior varsity, freshman) the same number of contest(s) in the sport involved.

If the student-athlete is a senior and cannot fulfill all of the disciplinary action due to the completion of the season, he/she will fulfill the action in the next sport in which they participate.

- C. In addition to what is presently required when a player is ejected for unsportsmanlike conduct, a meeting shall be held with the player, coach, principal, and parent(s) or guardian(s) prior to the player's next competition. A Confirmation of Sportsmanship Meeting Form must be sent to the state office by the principal. Schools that have not submitted the required Confirmation of Sportsmanship Meeting Form by the end of the sports season in which the violation occurred shall be subject to a \$100 fine.
- D. If a player is ejected for a second time for unsportsmanlike conduct, a more severe punishment shall be imposed.
- E. Other non-monetary penalties may be assessed by the Executive Director based on all the facts.
- F. In all situations where ejections occur for unsportsmanlike conduct, the individual will be removed from the next contest(s) following the one in which the ejection occurred. If the individual plays in a subsequent contest after being ejected for unsportsmanlike conduct the minimum penalty shall be increased by an amount determined by the state office.

Section 8. Substitutes Leaving Bench Area during an Incident or Fans Coming Onto the Field or Floor

- A. The school will be required to submit a report and video tape if available. All schools are instructed to inform individuals taping to continue taping all incidents.
- B. For substitutes leaving the bench area during an incident, the school will be fined a minimum of \$250.00. In addition, other non-monetary disciplinary action may occur, including but not limited to probation and/or restrictive probation for the sport in which the incident occurred.

2021-22 TSSAA Handbook

- C. For fans coming onto the field or floor during an incident, the school will be fined a minimum of \$250.00. In addition, other non-monetary disciplinary action may occur, including but not limited to probation and/or restrictive probation for the entire athletic program.

Section 9. Coaches Ejected for Unsportsmanlike Conduct

- A. The school and coach will be required to submit a written report of the incident.
- B. The school will be given a choice of removing the coach for a specified number of contest(s) and pay a fine of \$250.00 or face further disciplinary action. The school shall not allow the suspended coach to attend games while under suspension.
- C. In addition to what is presently required when a coach is ejected for unsportsmanlike conduct, a meeting shall be held with the coach, principal, and superintendent, or his/her appointed representative prior to the coach returning to their coaching position. A Confirmation of Sportsmanship Meeting Form must be sent to the state office by the principal. Schools that have not submitted the required Confirmation of Sportsmanship Meeting Form by the end of the sports season in which the violation occurred shall be subject to a \$100 fine.
- D. On any subsequent ejection by the same coach, the school will be given a choice of removing the coach for a specified number of contest(s) and pay a fine of \$500.00 or face further disciplinary action. The school shall not allow the suspended coach to attend games while under suspension.
- E. If the coach is ejected from the contest and an assistant coach or an employee of the school involved is not available to continue as coach, the event is terminated and forfeited to the opponent.
- F. Other non-monetary penalties may be assessed by the Executive Director based on all the facts.
- G. In soccer, coaches who are ejected for receiving a red card, or a second (yellow card) followed by a red card, are subject to the penalties above.

Section 10. If a team is removed from competition, the school shall be fined \$500.00, and the school shall face disciplinary action by TSSAA. Other non-monetary penalties may be assessed by the Executive Director based on the facts.

Section 11. Appeals

Any appeal request regarding the ejection of players or coaches shall be submitted in writing from the administrator of the school, stating which playing rule was misapplied. It should be accompanied by \$50.00. If the appeal is granted, the \$50.00 will be returned to the school.

Playing of Ineligible Student-Athletes

Section 12. All rulings on eligibility must be in writing, and the accidental, intentional or other use of ineligible players by a member school shall require that team victories in which the ineligible player participated are forfeited to opponents; and any one or more of these additional actions may be taken:

- (a) That individual or team records and performances achieved during participation by such ineligibles be vacated or stricken;
- (b) That team or individual awards earned by such ineligibles be returned to the TSSAA; and
- (c) That a fine for the playing of an ineligible player be assessed against the school, if deemed necessary.

Section 13. If a student is ineligible according to TSSAA rules but is permitted to participate in interscholastic competition contrary to such TSSAA rules but in accordance with the terms of a court restraining order or injunction against his/her school and/or the TSSAA, and that injunction is subsequently voluntarily vacated, stayed, reversed or finally determined by the courts that injunctive relief is not or was not justified or expires without further judicial determination, those actions stipulated in Section 12 and 14 shall be taken.

Section 14. If an ineligible contestant competes in a meet, match or tournament and any violation of TSSAA rules occurs, all points earned by that student, or by a relay team of which he/she may have been a member, in that meet or tournament are to be declared forfeited; and in team sports (baseball, basketball, football, girls soccer, soccer, girls softball and girls volleyball) the entire contest is forfeited.

2021-22 TSSAA Handbook

When a team plays an ineligible athlete in TSSAA tournaments or playoffs, the entire contest is forfeited, the team is removed from the tournament or playoff, and no team replaces that team in the tournament series. All awards and money earned from the post season tournament series must be returned to TSSAA.

The penalty for playing an ineligible contestant shall be \$50.00 per contest at the varsity level and \$25.00 per contest below the varsity level, with a maximum fine of \$250.00, provided it is voluntarily reported by the school, which is in violation, to the Executive Director. If it is not voluntarily reported by the school to the Executive Director, the penalty shall be \$100.00 per contest at the varsity level and \$50.00 per contest below the varsity level. Other non-monetary penalties may be assessed by the Executive Director based on all the facts.

Section 15. If an otherwise ineligible student-athlete provides false information to a member school and is erroneously determined to be eligible and is allowed to participate on the basis of that false information, the student shall be ineligible at all levels in all sports at any member school for twelve (12) months from his or her last participation date.

2021-22 TSSAA Handbook

3.

Q. If an athlete with or without an athletic record lives with a guardian, instead of his/her parents, is the student eligible for athletic participation?

A. He/She may be approved by the Executive Director if the student has lived with the guardian for twelve months or longer. If the athlete has lived with his/her guardian, for a period of less than twelve months, he/she is ineligible unless approved by the Executive Director under the provisions of the hardship rule.

4.

Q. A student with or without an athletic record moves to live with a guardian other than a parent. Is the student eligible?

A. No. A student must live with the new guardian, if other than their parent, for 12 months or longer.

5.

Q. A student whose parents are divorced or separated (provided divorce papers have been signed and processed through the courts) participates in athletics at school A while residing with one parent. The student then transfers to school B where they are residing with the other parent. Is the student eligible to participate in athletics?

A. Yes, provided it is the first change from parent to parent since establishing an athletic record, there is a court-ordered custody change, and a letter from the principal of the student's former school indicating that the move was not for athletic reasons.

6.

Q. A student whose parents are divorced or separated (provided divorce papers have been signed and processed through the courts) participates in athletics at school A while residing with one parent. The student then transfers to school B where they are residing with a guardian other than a parent. Is the student eligible to participate in athletics?

A. No. The student will be ineligible until he/she has lived with his/her new guardian for twelve months.

7.

Q. A student who has a record of participation the previous year in baseball only transfers to a nearby school without any change of residence on the part of the student's parents. Is that student eligible to participate in football or basketball?

A. Yes, provided they meet all other eligibility rules. However, the student is ineligible in baseball for a period of 12 months from the last participation date in baseball. (See Article II, Section 13 of the TSSAA Bylaws regarding eligibility in tennis, volleyball, wrestling, soccer, girls' soccer, bowling, cross country and golf.)

8.

Q. A student transfers to a school because the student's parents have moved to the community in which the school is located. The student's scholastic and athletic records are satisfactory. May such a student be allowed to participate pending the approval of his/her transfer by the Executive Director?

A. No. All transfer students must be approved by the Executive Director before being allowed to participate.

9.

Q. If the parents of an athlete move from the territory in which the athlete has been attending school, may this student remain in the school to which he/she has been going and live with someone other than his/her parents without forfeiting his/her eligibility?

A. Yes, provided he/she has been enrolled in that school for a year or longer, provided no "undue influence" has been used to cause the student to continue in the same school, and provided the parents pay the expenses incurred as a result of the student not living at home.

2021-22 TSSAA Handbook

10.

Q. If an athlete's parents change residence after the beginning of the school year, must the athlete transfer immediately to the school serving the district into which his/her parents have moved?

A. No. The athlete may transfer to the new school without loss of eligibility at the time his/her parents move, at the end of the next grading period, at the end of the semester or at the beginning of the next school year. (If the athlete remains in his/her former school and participates in an athletic contest after his/her parents have moved, he/she cannot become eligible to participate in that sport in the second school until he/she has completed the report card period or the semester.)

11.

Q. How are the words "change of residence" to be interpreted?

A. As moving from one community to another so as to justify a change of schools. Moving across the street or a few blocks away from the former residence, or similar moves, cannot be accepted as justifying a transfer to another school. TSSAA does not recognize "dual" residences (maintaining two homes, apartments, etc.)

12.

Q. What are guidelines that are used in determining whether a bona fide change of residence has taken place?

A. Some guidelines are, but not limited to:

1. Changing of mailing address 2. Disconnecting phone in previous residence 3. Disconnecting of utilities in previous residence 4. All furniture moved from previous residence 5. The original residence should be closed, rented, or disposed of and not used by family.

13.

Q. Is it possible for an athlete who does not live at home with his/her parents or guardians to become eligible?

A. Yes. After such a student has attended school for a full school year, and has lived in the community in which the school is located for a period of at least twelve months, the student's case may be submitted to the Executive Director for a ruling.

14.

Q. A student transfers from School A to School B without a bona fide change in residence by the parents. The change is a result of school zone changes made by the local board of education. Is the student eligible?

A. Yes. Provided he/she meets all other eligibility requirements.

15.

Q. A student with an athletic record the previous year lives in Town A. His/Her father gets work in Town B and decides it will be more convenient for his son or daughter to enter school in Town B since he/she can ride with him as he goes to and from work. Will such a student be eligible to participate on the school team of Town B?

A. No. There has been no change of residence.

16.

Q. An eighth grade student participates as a member of a high school or junior high school team. The next year the student transfers to another school without any change of residence on the part of his parents. Is the student eligible for athletic participation?

A. No. The student is a transfer with an athletic record the previous year. His/Her parents have not changed residence. (This regulation is sometimes misinterpreted due to the statement that eighth grade participation does not count against a student. Such participation does not count as one of the four years he/she is allowed to participate while in high school, but the student is charged with an athletic record the previous year and cannot therefore transfer to another school unless there has been a corresponding change of residence on the part of his/her parents.)

2021-22 TSSAA Handbook

17.

Q. A student participates in basketball at school A. He changes to school B without a corresponding change of residence by the parents and wants to play basketball. Is he eligible?

A. No. A student will be eligible twelve months from his/her last participation date. Example: A student last played basketball on January 16, 2016 at school A. That student would be eligible at school B on January 17, 2017.

18.

Q. A student with an athletic record transfers from school A to school B without a corresponding change of residence of his/her parents. After attending school B, the student returns to school A. Is the student eligible to participate at school A?

A. Yes, provided the student did not participate in contests or practice in any sport at any level at school B. This must be verified in writing by the administration of school B.

19.

Q. A student who transfers from school A to school B due to a bona fide change of residence by his/her parents is ruled eligible at school B and participates in athletics at school B. One month later the family of the student returns to the original residence where the student was attending school A. Is the student eligible to participate in athletics?

A. No. The student is ineligible to participate in athletics for twelve months from his/her last participation date, since the parents have returned to the original residence serving school A before the student has been enrolled in school B for one year.

20.

Q. What is meant by the term "system-wide" public school in the definition of "territory" as defined in the Definitions?

A. A system-wide public school is a school without geographic zones or bus routes that draws students throughout the school system. Examples of system-wide public schools are, but not limited to: Chattanooga School for the Arts & Sciences, Martin Luther King, the magnet portion of Liberty Technology High School, etc.

21.

Q. An international student attends a TSSAA school and lives with someone other than his/her parents. Is the student eligible?

A. Yes, provided the student possess a J-1 visa and is in a Foreign Exchange program which has been approved by the Council on Standards for International Educational Travel (CSIET). Students possessing an F-1 visa are ineligible at the varsity level until they have lived with a guardian for 12 months.

22.

Q. An international student comes to live with a new guardian and enrolls in a school where the guardians reside. The student is not in a Foreign Exchange program approved by the CSIET. Is the student eligible?

A. No. A student must be in a Foreign Exchange program approved by CSIET. The student is ineligible at the varsity level but may be eligible at the junior varsity level provided he/she meets the requirements of Article II, Section 15 of the TSSAA Bylaws.

23.

Q. An international student attends a TSSAA school and is in a foreign exchange program that is not approved by CSIET. Is the student eligible?

A. No. A student must be in a Foreign Exchange program approved by CSIET.

2021-22 TSSAA Handbook

24.

Q. An international student is in a Foreign Exchange program approved by the CSIET. The student participates in athletics with a TSSAA school while living with one host parent then transfers to another school as a result of a change of host parents. Is the student eligible at the new school?

A. No. As a result of the change of guardians the student must now comply with Article II, Section 11 and Article II, Section 12 of the TSSAA Bylaws in the same manner as all other students.

25.

Q. A student attending School A with an athletic record in basketball at School A is receiving individual instruction from a basketball coach at School B in the spring of the current school year. The student transfers to School B with a bona fide change of residence in August. Is the student eligible at School B?

A. The student is ineligible at School B in the sport of basketball. A coaching link exists in the previous 12 months, therefore the student is ineligible for twelve months in the sport where a link is present at all levels of competition.

26.

Q. A student attending School A with an athletic record in basketball at School A attends a summer team camp at School B. The student transfers to School B with a bona fide change of residence in August. Is the student eligible at School B?

A. The student is eligible at School B, provided they meet all other eligibility requirements. Attendance at a team camp where a coach from another school is present does not constitute a coaching link. Attendance at an individual camp where a coach from another school is present would constitute a coaching link and would render the student ineligible at all levels of competition.

27.

Q. A student attending School A with an athletic record plays on a softball team during the summer where an assistant coach at School B is serving as the summer softball team's head coach. The student transfers to School B with a bona fide change of residence prior to or during the following school year. Is the student eligible at School B?

A. The student is ineligible at School B in the sport of softball. A coaching link was established when the student played for the coach's summer softball team. If a coaching link exists in the previous 12 months, the student is ineligible in the sport where a link is present at all levels of competition.

28.

Q. A student attending School A has an athletic record in football, wrestling and soccer at School A. He is receiving strength and conditioning training during the summer from a personal trainer who happens to be the strength and conditioning coach at School B. The student transfers to School B with a bona fide change of residence the following school year. Is the student eligible at School B?

A. The student is ineligible at School B in all sports. A coaching link has been established in all sports since the strength and conditioning coach at School B works with all sports programs at School B.

29.

Q. A student attending School A was injured on September 10 in a varsity football game and was not able to participate in sports the rest of the school year. The student transfers to School B with no change of residence at the beginning of the following school year. The student wants to play football, basketball, and baseball at school B. When is the student eligible at the varsity level in each sport, assuming that the student meets all other eligibility requirements?

A. The student will become eligible in football on September 11. The student will be eligible immediately in basketball and baseball. The student's participation in football does not impact their eligibility in baseball or basketball. Athletic records from each sport are treated independently of each other.

2021-22 TSSAA Handbook

30.

Q. A student plays volleyball and establishes an athletic record at School A. At the end of the first semester, the family has a bona fide change of residence into another school zone where they reside for two months. She enrolls and attends School B. They then return to a residence in School A's zone and the student enrolls in School C. Is she eligible?

A. No. Since the student participated at School A within the past twelve months, she will be ineligible in volleyball twelve months past her last date of participation. Athletic eligibility is always based on what the student has done the past twelve months. In this case, the student participated for a member school in the same zone within the last twelve months. Therefore, the last move does not justify a change in schools.

Tuition and Financial Aid

1.

Q. Is it permissible for a school to employ a student for summer work who has not attended the school the previous year?

A. No. In order for a student, who will be participating in athletics, to be employed by a school during the summer the student must have attended the school the previous school year.

2.

Q. Can a Division II school employ student-athletes to "work off" tuition?

A. No. Article II, Section 16 of the TSSAA Bylaws sets forth the only means for reduction of tuition. A school may employ student-athletes as long as the remuneration or consideration for work is not in excess of the amount regularly paid for such service.

3.

Q. Must all financial aid to student-athletes be need-based?

A. Yes.

4.

Q. Who is allowed to pay a student-athlete's tuition?

A. If tuition is charged, it must be paid by a parent, bona fide guardian, or other family member.

5.

Q. Can TSSAA member schools participating in Division II offer particular groups of employees tuition discounts?

A. Yes, provided it is written into the school's policies. For example, schools may choose to offer a tuition discount to a specific group (all full-time faculty members, all non-faculty head coaches, all trainers, etc.). The discount MUST be given to ALL individuals in a particular category or else it will be considered financial aid.

Award Rule

1.

Q. If a student accepts a gift card or apparel from an outside entity during a camp, combine, showcase, etc., will he/she lose his/her eligibility?

A. No. Accepting these items from an outside source during a camp, combine, or showcase, etc., would not make a student ineligible. Bowling, golf and tennis students must abide by USBC, USGA, and USTA regulations in regards to accepting awards.

2021-22 TSSAA Handbook

Independent-Game Participation

1.

Q. Team A is eliminated in the district basketball tournament. May players on Team A participate in an independent game or tournament without endangering their eligibility?

A. The basketball season ends for any member school when the school is eliminated from tournament play. Students may participate in a game as members of independent teams in any sport after the season for that sport has closed without affecting their eligibility, provided the amateur rule is not violated.

2.

Q. A golfer wishes to participate in a club tournament during the golf season. Is this a violation of the independent rule?

A. No, provided the golfer participates as an individual and not as a member or representative of his/her school. The independent rule does not apply to sports with an individual championship (golf, tennis, bowling, wrestling, track and field, and cross country).

3.

Q. May a player participate in a scrimmage, practice game or game with an independent team after being registered with TSSAA past the first official day of competition in that sport?

A. No. The student shall be ineligible once TSSAA is made aware of the incident in the sport in which the violation occurs.

4.

Q. Is it a violation for a registered athlete in baseball or softball to practice with an independent team?

A. No, provided the independent team is not scrimmaging another independent team as a part of their practice.

5.

Q. Is it a violation for a registered athlete in track or cross country to participate in a road race?

A. No. The independent rule does not apply to track and field or cross country.

6.

Q. A basketball player participates in an independent game and the school notifies the state office of the violation. What is the penalty for the student athlete?

A. The student will be ineligible for the remainder of the season.

7.

Q. A student is registered on the girls' softball team with School A after the first official day of competition for girls' softball. The student then participates in an independent girls' softball game. She then returns to School A's softball team where she plays three games. The coach of School A determines that the student has played in an independent game and reports the violation to the state office. What is the penalty?

A. The player is deemed ineligible for the remainder of the season. School A is not penalized for games the player may have played in after participating on an independent team during the school season.

8.

Q. Is it a violation for a soccer player to participate in an indoor soccer tournament or a girls' softball player to participate in a slow pitch softball tournament or a basketball player to participate in a three-on-three tournament during the school season?

A. Yes. Participation in a similar sport during the season constitutes a violation of the independent game participation rule.

2021-22 TSSAA Handbook

9.

Q. What are some examples of scrimmage situations that would not be considered a violation of the Independent Game Participation Rule?

A. Following are two examples:

- 48 students are trying out for an AAU basketball, travel baseball or softball, club soccer or 7 on 7 football team. This group of students would be considered one team and could participate in scrimmage situations.
- 65 students are invited to a college university to practice with a college team. This group of students, along with the college students, would be considered one team and could participate in scrimmage situations.

All-Star Games

1.

Q. A civic club plans to hold an all-star basketball game. Only seniors who do not participate in spring sports will participate. Would it be a violation for a coach of a member school to coach one of the teams; for the coach and principal to permit the players to use school equipment; for a registered TSSAA official to officiate the game?

A. Yes, if a game is played during the school year officials and game officials shall have no connection whatsoever with such a contest.

2.

Q. What is the difference between an independent team and an all-star team?

A. An independent team is a team that is organized to play a schedule. An all-star team is a team composed of players from different schools who are usually assembled as a team for playing one particular game.

Home School Rule

1.

Q. Who is eligible to tryout, as a home school athlete, for a TSSAA member school team?

A. Only those who meet all ten criteria outlined within TSSAA's Home School Bylaw are eligible.

2.

Q. Are there any requirements that the parent conducting the home school must meet for purposes of the TSSAA Bylaws?

A. Yes. First, the home school athlete must meet all ten criteria outlined within TSSAA's Home School Bylaw. Additionally, the parent-teacher must satisfy all state law requirements in order for the home school student to be eligible to try out for a TSSAA member school team.

3.

Q. What are the academic requirements for a home school athlete?

A. The academic courses must be approved by the local board of education (or private school) in compliance with state law. TSSAA does not regulate where or how any student athlete receives credit toward graduation. TSSAA is concerned with the following: (1) Are the participants enrolled in a minimum of five academic courses which have been approved by the school and/or school system? And (2) If taken at a member school would the course count towards graduation? If the answer to both questions is "yes", the home school athlete would meet the requirements set forth in the "Academic Rule" and "Home School" Bylaw.

4.

Q. What if a student takes four of the five academic courses at an independent home school, but registers and attends a non-public school for the fifth credit (i.e. science lab,) would this potential home school athlete be eligible under the Home School Bylaw?

A. Yes, provided the student meets the definition of a home school student according to state law.

2021-22 TSSAA Handbook

5.

Q. What is the last date that a home school student can make application for participation in athletics to the principal of the member school in which the athlete wishes to tryout and possibly participate?

A. August 15th of the school year in which they desire to participate.

6.

Q. Can a home school student tryout for a team prior to meeting all requirements of the rule in the TSSAA Bylaws?

A. No. All requirements of the rule must be met prior to the home school student trying out for a team, with the exception of the participation fee. If a participation fee is imposed by the LEA, the home school student would only be required to pay that fee only if they become a member of the team.

7.

Q. What type of insurance, if any, does a home school athlete participating on a TSSAA member school team need to maintain?

A. The home school student must provide proof of liability insurance coverage which names the TSSAA as an insured party or the administration of the school must submit to TSSAA a copy of the TSSAA Indemnity Form signed by the guardian(s). TSSAA Catastrophic Insurance will extend to the home school athlete as it does with all other student-athletes participating at a member school.

8.

Q. If the LEA imposes a participation fee, could the home school athlete be responsible for any additional monetary payments after he/she makes a particular team?

A. Yes, but this will be left to the LEA, and not TSSAA. Many LEAs charge an additional fee to all the athletes participating in a particular sport, such as golf. Some LEAs charge an equipment fee or uniforms fee, while other LEAs require athletes to raise a certain amount of money with fundraising. If the non-home school student athlete is being held responsible for monetary contributions, the home school athlete can be held responsible for those same monetary contributions, which will vary within LEAs.

9.

Q. If a home school athlete makes the roster of a TSSAA member school team in football, basketball, and baseball, what is the participation fee?

A. The answer will vary by LEA. The maximum amount that the home school athlete could pay shall not exceed the fees or costs charged to or borne by students enrolled at the school.

10.

Q. If a home school athlete wants to participate on a TSSAA member private school team, what must the home school athlete do?

A. (1) The student must notify the local Board of Education regardless of where they wish to tryout. (2) The parent or guardian must make application for participation in athletics to the principal by August 15 of the school year. (3) Additionally, the home school athlete must pay full tuition and abide by all financial aid rules.

11.

Q. If a student has dropped out, withdrawn, or been expelled from a TSSAA member school, will that student be eligible to participate at another TSSAA member school as a home school athlete?

A. No. If the student was expelled then he/she would be carrying a discipline record which makes them ineligible for one year or until the disciplinary charges have been removed. If the student dropped out or withdraws from school he/she would be subject to the TSSAA's transfer rules.

2021-22 TSSAA Handbook

12.

Q. If a home school athlete tries out for a TSSAA member school team, is the home school athlete automatically on the roster?

A. No, like all sports rosters, the ultimate decisions are left to the member schools regarding the athletes that make the team as well as the amount of playing time that each athlete receives.

Schools Which Member Schools May Play or Scrimmage

1.

Q. What schools may a member school of TSSAA scrimmage during pre-season or play during regular season?

A. TSSAA member schools may play or scrimmage the following:

1. Any secondary school team with grades 9 and above.
2. An individual home schooled student who might be invited to participate in a track meet, wrestling competition, golf competition, etc. This would primarily apply to individual sports.
3. A home school team in a team sport, such as basketball, baseball, softball, etc., where home schooled students go together to form a cooperative team.

2.

Q. Who can a member school of TSSAA not play during regular season?

A. Any non-school team. Examples would be a club team, recreational park league team, or any type of independent team.

Contests and Tournaments with Out-Of-State Teams

1.

Q. May a TSSAA school participate in tournaments or meets involving out-of-state teams that have not been sanctioned?

A. No. All tournaments or meets involving out-of-state teams must be sanctioned by TSSAA, the other state associations concerned, and the National Federation.

Varsity Teams

Q. Can a school's junior varsity team participate against another school's varsity team?

A. No. A game is either a varsity game for both teams, a junior varsity game for both teams, or a scrimmage for both teams. An exception may be made by the Executive Director when a school is beginning an athletic program.

TSSAA SPORTS CALENDAR

1.

Q. A coach has a weight lifting program at school during off-season and in the time permitted by the sports calendar. The program is open to both players and non-players. Is this a violation?

A. No, provided activities are limited to weight lifting, and provided no player is required to attend.

2.

Q. Can a coach have a conditioning program in the off season, provided it is not during the Dead Period?

A. Yes, provided it is a program that would benefit all students and is open to all players and non-players.

3.

Q. May a school with grades 7-12, 8-12 or 9-12 have 12 days of varsity spring football practice and 12 days of freshman spring football practice?

A. No. A school may have only 12 days of off-season practice in football.

2021-22 TSSAA Handbook

4.

Q. Is it permissible for a school to have try-outs before the first practice date?

A. Try-outs are considered practice. During the school-year, no school may hold try-outs prior to the first practice date as set forth by the TSSAA Sports Calendar. Try-outs in football and basketball may be held during spring practice but only students enrolled and in regular attendance at that school may participate. Try-outs may be held in the summer during the time outlined for practice in that sport.

5.

Q. In football, five schools come together on a Saturday for a five-way scrimmage on two practice fields. Team A is working a half line scrimmage against Team B, Team C is working 7-on-7 with secondary against quarterbacks and receivers, etc. Later in the day, Team B is scrimmaging Team A, B vs. C, etc. How would this be counted?

A. This is one scrimmage date. All schools would have either two scrimmages or one scrimmage date remaining in preseason.

6.

Q. Three schools go together for a three-way scrimmage with A vs. B, B vs. C, and C vs. A set up during the day. How would this be counted?

A. This is either two scrimmages for each team or one scrimmage date for each team. It really does not make any difference. All three schools would have either two scrimmages or one scrimmage date remaining in preseason.

7.

Q. School A and School B get together and set up a scrimmage with their two schools. During the scrimmage the freshman teams are working against each other at 2:00; the junior varsity teams are working against each other at 3:30; and the varsity teams come back that night and work against each other at 7:00. How would this be counted in preseason scrimmages.

A. This is one preseason scrimmage for both schools, provided all of the scrimmaging is at one site.

8.

Q. A school invites nine schools to participate in an all-day scrimmage on a Saturday. What can occur and how is this counted toward the scrimmage rule?

A. If any of the schools invited scrimmage more than one school, then it would count as a scrimmage date for that school and for all the schools that participate against more than one school in the all-day affair. The schools would then have either two scrimmages remaining or one scrimmage date.

There cannot be any tournament format set up or play that would reflect a regular season game. Preseason scrimmages are an extension of preseason practice and should be learning experiences for athletes and coaches as they prepare for regular season games.

9.

Q. How many students may receive individual instructions during the pre-season and/or off-season?

A. During the pre-season and off-season, individual instruction may be given to no more than three students per day in basketball and girls' volleyball. In football, girls' soccer, and soccer, individual instructions may be given to no more than six students per day. In baseball and girls' softball, individual instruction may be given to no more than five students per day. **IT DOES NOT MATTER HOW MANY COACHES YOU HAVE IN A PARTICULAR SPORT. THE TOTAL NUMBER OF STUDENTS THAT ARE ALLOWED TO RECEIVE INSTRUCTIONS ARE GIVEN ABOVE.**

2021-22 TSSAA Handbook

10.

Q. Are school personnel/coaches permitted to coach non-school teams with players from their school in the preseason or offseason?

A. If the TSSAA sports calendar does not permit practice during the time of year that the non-school team is practicing or playing, then school personnel are not permitted to coach these teams regardless of how many or how few players from their school are participating for the non-school team.

11.

Q. Does the 50% rule apply to summer teams in any sport?

A. No. The 50% rule applies only to basketball, baseball, and softball and only from the beginning of the school year until the season begins in the sport involved.

12.

Q. School A has one gym and is scheduled to have volleyball practice until 6:00 PM. Can School A have Open Facilities for basketball beginning at 6:30 PM?

A. Yes. Open Facilities is permitted year round (Monday through Friday) except during the Dead Period. It does not have to occur immediately after the school day ends.

Awards

1.

Q. Does TSSAA name All-District, All-Region, or All-State Teams?

A. No. These teams are normally selected by the coaches, the Tennessee Sports Writers Association, or the Associated Press.

Officials and Contracts with Officials

1.

Q. May a school use one or more non-registered officials in a contest provided the other officials are registered?

A. All football officials, including the clock operator, must be registered with TSSAA. All basketball officials, except the timer and scorer, must also be registered with TSSAA. All baseball and girls softball umpires must be registered with TSSAA; also wrestling, girls soccer, soccer and girls volleyball officials.

2.

Q. What is the penalty for using a non-registered football, basketball, wrestling, girls volleyball, girls soccer, soccer, girls softball or baseball official?

A. Schools using non-registered officials shall be fined \$15 for the first offense. Continued use of non-registered officials will subject school to suspension or other penalty as determined by the Board of Control.

3.

Q. If a registered official has been employed but for some reason fails to appear, may a school use a non-registered official without being subject to any penalty?

A. Yes, provided the state office is notified in writing within 48 hours after the game is played. This report should give the name and address of the registered official who was employed to work the game and the reason for his/her failure to do so if known; also the name and address of the official who was used in place of the registered official.

4.

Q. What is the policy of TSSAA toward the decisions of officials?

A. The decisions of officials are accepted as final and binding.

2021-22 TSSAA Handbook

5.

Q. May a school drop an official from the game after the official has been engaged?

A. Yes, if a school decides that it is wise to break its agreement with an official, it may be done by paying the official the regular fee for the game.
