

HIGHLANDS COURSE MAP

HIGHLANDS COURSE – PAR 70

SPECTATOR GUIDE:

The Sevierville Golf Club is a 36-hole championship facility featuring two distinct 18-hole championship courses.

The Highlands Course is an out and back layout which winds its way from the clubhouse through lush rolling hills and past freshwater mountain ponds offering a true test for all levels of players. The fairways are tree-lined, relatively narrow, and have frequent water hazards.

The Highlands Course is spread out and crosses Old Knoxville Highway at three locations: from No. 3 to No. 9, No. 5 to No. 6 and on the return from No. 18 to the Clubhouse. **Once across Old Knoxville Highway the course becomes hilly and my not be conducive for all spectators.**

For those who do not wish to follow their player on all holes, we suggest the following:

- Spectators have an excellent opportunity to follow players from No. 1 through No. 5.
- From No. 5 spectators can continue to No. 6 or proceed back down No. 3, go through the tunnel to No 9, and catch up with their player as they come down the fairway. Spectators can then follow their player through to No. 11. Once play is completed at No. 11 spectators can choose to continue to No. 12 and follow their player through to No. 18 or use the tunnel at No. 9 and return the Clubhouse to watch the live scoring at the Pavilion.

Obviously, spectators are more than welcome to follow their player through all 18 holes but be aware holes 6-8 and 12-18 are long walks with hilly terrain. Please note: If you have an approved spectator cart, for your safety, there is no cart traffic going backwards from Hole 7 to Hole 6.

Spectator Shuttles:

A shuttle will be available for spectators at the following locations beginning at 7:30 AM:

- Clubhouse
- Pheasant Ridge Rd (Highlands Course: Near Hole No. 9 green)
- Reed Schoolhouse Rd. (River Course: Holes 11-14. Highlands Course: Holes 6-18)
