FOOTBALL REGULATIONS

I. CLASSIFICATION PLAN

In Division I, TSSAA schools shall be divided into six classes for football; in Division II, TSSAA schools shall be divided into three classes for football.

II. GENERAL REGULATIONS (Division I and Division II)

- A. All regular-season games must be scheduled by the Friday preceding the first-round play-off games to be counted in the play-off standings.

The play-off brackets will be set and released by 10:00 a.m. CST on Saturday preceding the 1st round of the play-offs. After the brackets are released, a school (Principal, Athletic Director, or Head Football Coach) has until 3:00 p.m. CST to appeal to the state office if an error is suspected. The appeal should be e-mailed to rmcwhirter@tssaa.org, mreeves@tssaa.org, bchildress@tssaa.org, or tssaa@tssaa.org. If no appeals are turned in, then the brackets will become final at 3:00 p.m. CST. If an appeal is turned in prior to 3:00 p.m. CST, then the brackets for that class will be reviewed and any necessary corrections will be made before they are declared final.

- B. The first week of the regular season shall be referred to as Week 1 and the last week of the regular season shall be referred to as Week 11. During the regular season, schools have the opportunity to play a maximum of 10 games. After Monday of Week 1, there can be no change in a school's schedule unless such change is approved by the state office.
- C. In the event of a tie for a championship, second place, third place, or fourth place all opponents varsity games played through TSSAA Week 11 will be counted. Should two teams play each other twice, only the first game will be counted in district/region standings or will be considered in the event of a tie in the district/region to determine which team will advance to the playoff series. Any team ineligible to participate in the play-off series will not figure in a tie for a district/region championship.
- D. Schools that do not qualify for the play-offs may schedule an additional game, bringing the total number of games to 11. No member school shall schedule a game that conflicts with the play-off games.
- E. No school will be permitted to schedule an 11th game if there is any possibility that the school may qualify for the play-offs.
- F. Schools that decide not to participate in the play-off series at the beginning of any classification period may not participate until the next reclassification period. Schools that decide not to participate in the play-off series must notify the state office in writing by November 1 of the year preceding the start of a new classification period.
- G. Schools that decide not to participate in the play-off series are not obligated to participate against other teams within the region nor are other teams obligated to participate against that school.
- H. The season for a team shall end when a team is eliminated from the play-off series or wins the state championship.
- I. If a Tennessee team plays an out-of-state opponent, the home team's state association rules will apply. Out-of-state teams coming into Tennessee should be advised that Tennessee does provide for breaking ties and that all regulation games that end in a tie in Tennessee shall be broken. (Should a team have a tie on its record, it shall be considered as one-half game won and one-half game lost.)
- J. No schools may tape or film a practice or a game involving two other teams. A school may tape or film its own practice or its own game.
- K. **NFHS Football Rule 3-1-2 (Mercy Rule);** Beginning in the second half, if the point differential is 35 points or more, a continuous clock will be used. The clock will only stop for charged time-outs, injuries, and scores. The try will always be an untimed down. The clock shall start when the ball is kicked on the kickoff. If the point differential goes below 35 points, the game shall revert back to regular timing rules.
- L. **Official Clock:** The controls for the electronic clock operator should be on the field rather than in the press box. If controls for the clock become inoperable, the officials may keep the clock in the press box. In cases where an official goes to the press box, adequate security must be provided by the home school's administration for the

2020-21 TSSAA Handbook

officials going to and from the press box. If the clock has to be run from the press box, then the home administration must inform the local football association.

- M. Game Administrator Meeting:** TSSAA Board of Control policy requires that a Game Administrator be appointed by the principal of each host school to supervise every varsity football contest. The Game Administrator must be someone other than the participating coaches. Ideally it should be the principal, athletic director, or another school administrator, but it may be the principal's or athletic director's designee due to staff commitments. This meeting should occur immediately after the officials meet with each head coach.
- N.** Videotaping or filming is permitted if the tapping or filming is for private use or use by the two schools involved and not for public or commercial use. Videotaping or filming must be done from the individual's seat. Individuals will not be allowed to use tripods. A school taping or filming its own game may use a tripod. A school will not be allowed to tape or film a game unless its team is involved in the game. All taping or filming by a school may be approved by the local Game Director, and the Game Director shall assign space, when available, from which the school may tape or film.
- O.** In case it becomes necessary to postpone a regular season game after the officials have arrived, the officials will receive the full game fee, and if they must return to complete the game at a later date, then the officials will be given another half game fee.
- P.** The field must be cleared three minutes prior to kickoff for the coin toss. This includes the playing of the National Anthem and all pre-game ceremonies.
- Q.** If the required field markings or shadow line are not visible, then the game officials have the authority to move the ball from its original position in order to have a measurement.
- R.** If the home team is on the sideline opposite the press box, then the visiting team shall be given the option of having the chains on the press box side of the field.

- C.** In the event of a tie for the region winner, runner-up, third-place, or fourth-place team, if either team(s) has defeated the other(s) in regular-season play, the team(s) shall be rated above the other(s) in the standings. After the region winner has been determined, the tie-breaker procedure shall begin all over again starting at the top to work out the runner-up position. The procedure shall be repeated to determine the third- and fourth-place teams.
